

# GEMAK GROUP: AT THE SERVICE OF THE GREEK SHIPPING COMMUNITY

The Gemak Group is proud of being at the service of the Greek Shipping community since 1969. Given the size and potential of the Greek market, Gemak Group has revised its operational practices from an exclusive to a non-exclusive basis within the territory. That enables the Group to get in touch with several Owners & Managers either through its own sources or various premium mediations, depending on the Owners/Managers' preferences.

As one of the world's most prestigious shipping events, Posidonia 2022 will be welcoming the international maritime industry from the 6th to the 10th of June in Athens. In line with recent developments, Gemak Group will be happy to welcome all fellows and visitors to its Private Booth (No 2.222) at HALL 2 during the Posidonia exhibition.
